

Settings at the ADS-2 Interface by miglenium toolservice

Interface in **ADS Mode** with ignition (KL15) setting by car

Interface in **ADS Mode** with ignition (KL15) allways ON

Interface in **Inpa OBD Mode** with ignition (KL15) select by car

In this mode you can use it as KL Interface, too. You can use it with CS 6.1.SP4 KL, VAGCOM KL / KKL and many other KL Software

NEVER USE BMW OBD-2 PLUG WITH OTHER BRANDS !!!
